

viterra® Cover crop blend

UNIVERSAL LEGUMINOSENFREI

... free of crucifers and early growing

Benefits:

- Can be used without concerns in rapeseed legume crop rotations, interrupts disease cycles
- Universally usable due to drought stress tolerant individual components
- Fast shading maintains tilth and ensures good weed suppression
- viterra® UNIVERSAL LEGUMINOSENFREI is also available with clover as viterra® UNIVERSAL
- Good liquid manure and other nutrient recycler, excellent against erosion and for water protection
- Good suitability for crop rotations with legumes as main crop
- Image gain through sunflower
- Phacelia is an excellent bee pasture plant
-
